

Alex “Winston” Clark (THE DEP)
is retiring on Monday 13th February 2017
THE DEP has served his 30 Years’ Service to the communities of
Scotland, working first in Lothian & Borders Fire Brigade, then
Lothian & Borders Fire & Rescue Service and finally
in the Scottish Fire & Rescue Service.

Alex would like to invite friends & colleagues to come along and have a beer to help him celebrate his retirement. Alex is renowned for buying a beer and there is bound to be at least one on him, which will help numb the pain of his firefighting stories and the car parks he was responsible for making over his 30 year firefighting career.
